

“REACH” YOUR MAINTENANCE & SAFETY GOALS WITH NILFISK CFM INDUSTRIAL VACUUMS

Removing paper and pulp debris from machinery, surrounding walls and ceilings has never been easier!

- Choose from our extensive range of Nilfisk and CFM industrial vacuum cleaners, including the user-friendly, easy-to clean, CFM 137, a favorite in the paper and pulp industry.
- HEPA filtration, retains 99.97% of particles, down to and including 0.3 microns in size.
- Keep your insurance companies happy by providing solid maintenance practices to prevent fires.
- Accessories and hose to meet all your cleaning needs, including those for overhead cleaning of pipes, machinery and other hard-to-reach areas

Let us prove it! Contact Kernic to schedule a FREE Demo!
